Subject: Alert: Coronavirus Confirmed Case

Coronavirus Alert

IF YOU HAVE RECEIVED THIS MESSAGE DIRECTLY FROM COUSINS, WE ASK THAT YOU PLEASE REPLY TO THE EMAIL TO CONFIRM RECEIPT

We are writing to let you know that an individual who works in the 3348 building has tested positive for COVID-19. Cousins was informed by the individual's employer (a customer on a multi-tenant floor) about this confirmed case today, Monday, July 27th. While not verified, we have also been told the individual was last in the building on Thursday, July 23rd. For privacy reasons, we are unable to share any further details at this time.

Upon receipt of this information, our building cleaning partner has been contacted and will

complete the recommended enhanced cleaning tonight, Monday, July 27th. The areas likely to have been exposed to the virus, including the lobby, building and garage elevators, and all appropriate common areas, will be cleaned and disinfected. As a reminder, all high touch points in common areas are cleaned and disinfected multiple times each day.

We want to reassure you that we are doing everything we can to promote a healthy and safe experience at our properties for you and your visitors. Your safety and wellness are our highest priorities and we truly appreciate the trust that you place in our team and our company.

We will be in touch with any other important information or updates as they may become available. If you have any additional questions in the meantime, please reach out to us.

Sincerely,

The Cousins Team

REMINDER ABOUT HELPFUL CDC RESOURCES AND GUIDANCE:

The CDC has specific guidance on how to prepare for, assess and manage risks in these situations and we encourage you to refer to the CDC's many available resources, including:

Coronavirus Disease 2019 Page: https://www.cdc.gov/coronavirus/2019-ncov/index.html

Resources for Businesses and Employers: https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/businesses-employers.html

Interim US Guidance for Risk Assessment and Public Health Management of Persons with Potential Coronavirus Disease 2019 (COVID-19) Exposures: Geographic Risk and Contacts of Laboratory-confirmed Cases: https://www.cdc.gov/coronavirus/2019-ncov/php/risk-assessment.html
