

Kathy Williams | CMC

Birmingham, AL | February 2020

Kathy was born in Fort Bragg, NC, and as an Army brat, traveled extensively growing up. The travel bug still has its teeth in her and she has lived in three foreign countries and thirteen states, and has visited 37 states (spending at least one night – drive throughs don't count), DC, and PR. She owns 8 looms and 3 spinning wheels and enjoys learning new techniques. She is easily bored so is constantly searching for new challenges.

Hobbies/Interests

Her interests are weaving, spinning, reading, and travel. She has an RV and loves to Glamp (no roughing it). She has a tiny little e-spinning wheel that can go anywhere with her and she is rarely without an audio book and several e-books going at the same time. Her interests are varied, and she has parachuted, been a certified scuba diver and cave diver, and been a massage therapist and an esthetician. Now in the bloom of her youth (ha ha) she is more interested in the quiet and reflective nature of her activities.

Places she has travelled/visited

As a child she lived in France and Germany. As an adult she ran a resort on Little Cayman, BWI. Her interests now lie more in traveling the United States. She has a goal on her Bucket List of visiting all 50 states (and staying at least one night in each) so her upcoming focus is Montana and the Dakotas.

What she would bring to a potluck

Cajun Pasta. Until the advent of the Instant Pot, you didn't want her bringing anything. Now she can knock your socks off with her one pot cooking.
