Bio:

I'm a New Yorker who moved to the South in 2004, to finish my BA at UNCW. I've mostly remained in North Carolina since. Even my family followed me down here.

- **Education:** UNCW (BA), Kingston University (MFA)
- **My favorite thing about CAPTRUST:** That's easy: The people. Being able to have such incredible co-workers really makes working here a great experience.
- **Interesting places travelled:** I lived in London for a while, so I was able to travel all over Europe. Surfing in Costa Rica was an epic adventure and being in Galway on St. Patrick's day was amazing!
- **Favorite snack:** Pizza but I'm not sure 2-3 slices qualifies as a snack.
- **Bucket list:** Volunteering at a rhino orphanage in Kenya for at least a month.
- **Fun Fact:** I used to drive a Zamboni.
