The Intern Experience

Find out what some of our 2022 interns have to say about their time at CAPTRUST!

Cameron Blue

Intern | Human Resources

Since March of 2022 I have had the opportunity to intern on the recruiting team at CAPTRUST, and I am incredibly grateful for the opportunities I have had to grow and learn, both personally and professionally, at this organization.

Throughout my time at CAPTRUST I have experienced the amazing culture, connections, mentors, and much more that there is to offer. My manager, Juanita Evans, has cultivated such a supportive environment for me to learn and ask questions, and she is always willing to share her knowledge with me. During my internship I have learned how to schedule and coordinate candidate interviews, create and close jobs in ADP, source candidates, update job descriptions, and have even started coordinating for our upcoming 2023 summer internship program! With my fellow interns, I played in the summer kickball league, volunteered at three amazing organizations, attended several networking events, had an incredible mentor, and the list goes on. CAPTRUST has given me a place to learn and grow more than I ever expected to, and I can't wait to continue doing just that. I am truly proud to be a part of the CAPTRUST community!
