### Bio:

I love to think I am a lively storyteller. I have been described by my wife as funny looking. I am a Trivia lover. The kid in me decorates my office with all kinds of toys. The Packers, Bruce Lee, and Superman toys fight for space to be the chosen few. I have been with CAPTRUST since 2022, but I have a lifelong love and career in the RIA industry. I was on the Tamarac Reporting consulting and support team as well as Yodlee before joining CAPTRUST.
