

Rita Kiesler | Director

Raleigh, NC | DOH: November 2006

Rita was born in Washington, DC and lived there up until going to college at Rutgers University in NJ. She has a degree in English Literature. She fell into a job as bank teller while in school that was originally just a way to have some spending cash but inspired an interest in financial services. She met her now husband in college and stayed in the NJ/NYC area post graduation until they decided in 2005 to relocate to Raleigh for the great quality of life the area had to offer. She has one son and one daughter. She has been with the Institutional Client Service team from when she first started in a CMC role and has enjoyed seeing the growth of the team and its people over the years.
