### Bio:

I am originally from Bridgeport, Connecticut and moved to Raleigh, NC in November 2007. CAPTRUST is where I began my financial services career, and I could not have picked a better organization.

- **Family:** I live with my husband, and we have three boys. The oldest lives in Connecticut, the middle one is in college in North Carolina, and the youngest is a sophomore in high school.
- **Hobbies/interests:** I enjoy watching my son play football and compete in track meets. I also enjoy home remodeling and decorating. My family and friends always reach out to me for decorating ideas or to bounce off their ideas.
- **Bucket list:** I would love to go on a safari in Africa
