Large Cap Growth Manager Presentation - FS & CES; Focus & Approved Investment Manager Analysis

>>CLICK HERE TO ENTER CLIENT NAME<<

For the period ending 9/30/2010

This document is to be used only in one-on-one presentations with a Morgan Stanley Smith Barney Financial Advisor. It must be accompanied by the applicable disclosure document (e.g. - prospectus) for each investment product that it references. Such disclosure document contains important information about investment objectives and strategies and fees and expenses. This Document has been prepared at your request and is intended for informational purposes only. It is not sufficient basis on which to make an investment decision. This Document is not complete unless it includes all of the pages indicated. Please refer to the "Important Disclosures" and "Performance Information" sections at the end of this document for further information, including information about the impact of fees on performance. The underlying data has been obtained from sources considered to be reliable. The information is believed to be accurate but there is no assurance that it is so. This evaluation is for informational purposes only and is not intended to be an offer, solicitation, or recommendation with respect to the purchase or sale of any security or a recommendation of the services supplied by any money management organization.

Manager Selection Criteria^{*}

Initial Qualifications

The following is a breakdown of the initial qualifications required for inclusion:

- Manager must be in Fiduciary Services (FS) or Consulting and Evaluation Services (CES);
- Manager must be defined by the committee as having an Approved or Focus level of research;
- Manager must have a track record through 9/30/2010.
- Manager must be open to new accts.

Investment Policy

For the purposes of clarity, the following is an initial description of the investment policy to be followed by prospective investment managers:

- Manager must invest in Domestic, Equity securities;
- Manager can invest in Large or Mid/Large Capital Securities with a Growth style;
- Manager must not invest in convertible bonds;
- Unless otherwise noted, all tabular and graphical displays of manager information are in relation to the *CG Benchmark*.

^{*} Performance information is located at the conclusion of this report.

Consistency of Performance (Rolling 3 Yr. Annualized Returns)*

This test depicts the number of times the manager's return exceeds the return of the comparison index. Three year-annualized returns are evaluated over rolling 1 year intervals.

Disclaimer Page

IMPORTANT DISCLOSURES:

Morgan Stanley Smith Barney has prepared this Document at your request for your personal use in order to assist you in evaluating asset allocation strategies, investment objectives and disciplines and various available investment products. It is not a recommendation of a particular program, portfolio, investment manager, fund or other investment product. It is not tax or legal advice. This Document is based on information you gave Morgan Stanley Smith Barney about your financial situation, investment objectives, risk tolerance and investment horizon.

If you have asked us to do so, we have included one or more investment managers or funds that are not available in Morgan Stanley Smith Barney's investment advisory programs. Morgan Stanley Smith Barney does not recommend any such manager or fund and takes no responsibility for the accuracy of any information provided by such manager or fund. You should contact such managers or the sponsors of such funds directly for performance and other information.

Although the statements of fact and data in the Document have been obtained from, and are based upon, sources that Morgan Stanley Smith Barney believes to be reliable, we do not guarantee their accuracy. And any such information may be incomplete or condensed. All opinions included in this Document are believed to represent the most recent available data, but are subject to change without notice.

You should not use the Document as the sole basis for investment decisions. Moreover, you should not use investment performance alone to make an investment decision. You should consider other factors such as the experience and investment style of an investment manager as compared to your individual investment objectives, risk tolerance and time horizons.

To the extent that the investments illustrated herein represent international securities, you should be aware that there may be additional risks associated with international investing, which involve foreign economic, political, monetary and/or legal factors. Such risks may be magnified in emerging markets. International investing may not be appropriate for everyone. To the extent that the illustrations relate to small capitalization companies, investors may be exposed to greater volatility than would be the case with larger companies.

PERFORMANCE INFORMATION:

The investment results depicted herein represent historical gross performance with no deduction for investment management fees or transaction costs. Such figures reflect the reinvestment of dividends. Actual returns will be reduced by such expenses. You should refer to Morgan Stanley Smith Barney's disclosure document, which is included with this Document, for full disclosure of Morgan Stanley Smith Barney's fees. As fees are deducted from an account on a quarterly basis, the compounding effect will be to increase the impact of fees by an amount directly related to the gross account performance. For example, on an account with a 2% annual fee, if the gross performance is 10%, the compounding effect of the fees will result in net performance of approximately 7.81%.

You would not necessarily have obtained the performance results shown in the Document if you had been invested with these managers or funds over the time periods illustrated. Actual performance of individual accounts will vary due to factors such as the timing of contributions and withdrawals, individual client restrictions, rebalancing schedules and fees.

Moreover, the illustrations set forth in the Document benefit from the availability of actual historical returns. Managers or funds that have not performed as well as those illustrated may not have been

considered for inclusion in the Document. Such hindsight is obviously not available to an investment adviser such as Morgan Stanley Smith Barney when making a "real time" investment recommendation.

To the extent this is delivered to an advisory client of Citigroup Global Markets Inc. or its affiliates it is being delivered pursuant to a subadvisory arrangement with MSSB as described in the applicable descriptive brochure.

© 2010 Morgan Stanley Smith Barney LLC. Member SIPC. Consulting Group, GWM Investment Advisor Research and Graystone Consulting are business units of Morgan Stanley Smith Barney LLC.

Glossary

Annualized Return

The constant rate of return that, compounded annually, would yield the same overall return for a multi-year period as the actual return observed; or the cumulative return, when the time period is one year or less.

Down Periods

Reduces a performance series to include only periods that were down for the down benchmark.

	2Q94	3Q94	4Q94	1Q95	2Q95	3Q95	4Q95
BENCHMARK	<i>down</i>	<i>down</i>	<i>up</i>	<i>up</i>	<i>up</i>	<i>down</i>	<i>up</i>
Down Periods	1	2				3	

Minimum Account Size

The minimum account size the program allows.

Standard Deviation

The MANAGER's standard deviation. This is a measure of volatility, used to represent risk.

Up Periods

Reduces a performance series to include only periods that were up for the up benchmark.

	2Q94	3Q94	4Q94	1Q95	2Q95	3Q95	4Q95
BENCHMARK	<i>down</i>	<i>down</i>	<i>up</i>	<i>up</i>	<i>up</i>	<i>down</i>	<i>up</i>
