

Vivian Chin

Client Management Consultant

Boston, MA

Bio:

Having lived in Massachusetts all my life, I have the pleasure of enjoying all four seasons year-round. And yes, that includes college, since I attended Boston College where I double majored in Economics and Philosophy. I have been working with Keith Faulkner since 2002 and we joined CAPTRUST in 2019.

- **My favorite thing about CAPTRUST:** How our mission places an emphasis on helping one another and in serving our communities, in addition to caring for our clients.
- **Hobbies/Interests:** I enjoy taking walks around our fair city, and volunteering at my local food pantry.
- **Interesting places travelled or visited:** A trip down to St. Maarten led me to my first snorkeling experience, and to a beach where airplanes flew by right overhead (and quite low!) as they landed at the airport across the road.
- **Bucket list:** Cruise to Alaska
- **Words to live by:** They don't care how much you know until they know how much you care.
