Manager

Salt Lake City, UT

Bio:

I was born and raised in Salt Lake City, Utah. I started my career in a different area of the financial services at Crump Life Insurance. Crump is an insurance brokerage where I worked for 21 years, most recently as the Manager of the Annuities, Disability and Long-term care client services departments. I joined CAPTRUST in October 2022 and have loved every minute since. The people are amazing and I love learning. I enjoy spending time with my husband and 3 now-grown sons, we spend as much time as possible unplugged and in the Beautiful Uinta mountains. If not in the mountains, you'll find me at a concert or sitting on the deck around a fire listening to music.
