Bio:

I'm originally from Florida and have lived in NC for the past few decades. I went to school at East Carolina University, class of '09 and have worked with CAPTRUST since May 2020. Prior to CAPTRUST I worked in several different roles at Schwab, starting there in 2011. In my spare time I enjoy fishing, woodworking, exploring NC and spending time with my girlfriend and her two sons.

- **My favorite thing about CAPTRUST:** I learn something new and feel challenged each and every day, which keeps me engaged.
- **Favorite snack:** Unsalted cashews
- **Words to live by:** The golden rule: Treat others the way you want to be treated
