

# Kim Hebenstreit

## Client Management Consultant

Kansas City, MO

### Bio:

I joined CAPTRUST with the acquisition of Frontier Wealth Management in July 2022, and before that worked for a wealth management and financial planning firm in the Atlanta, Georgia area. I have two undergraduate degrees (one in biology w/ emphasis in genetics; one in behavioral science), an M.A. in Interdisciplinary Studies, and am working on my PhD in psychology as well as a financial planning certificate. I am the widowed mother of three young adult children, four dogs, and one cat.

- **Hometown:** Hutchinson, Kansas
- **My favorite thing about CAPTRUST:** I love how CAPTRUST seems to value ALL employees, no matter what the position.
- **Hobbies/interests:** Writing, learning, painting, reading, knitting
- **Fun Fact:** I was in the army and worked in the armory. I could disassemble and reassemble an M60 machine gun faster than anyone in my class.
- **Favorite book or movie:** I love books and have too many favorites to choose one.
