**Subject:** Phase Two extended & Face Masks Required

Good Morning,

In case you have not heard, Phase Two of the state's reopening was extended for at least three more weeks. *The earliest Phase Two will end is July 17th.*

In addition, Governor Cooper passed a mandate that requires individuals across the entire state to wear masks/face coverings when in public spaces. It is up to individual business owners to enforce within their spaces. If you will please remind your work groups to wear their face covering gear when in the common areas of the building we would appreciate it.

For more information, please read more details here: <https://www.wral.com/coronavirus/masks-required-phase-2-extended-to-july-17-heres-what-that-means-in-nc/19106644/>

Please let us know if this changes anything in regards to your tenant re-entry plans - Thank you!
