

# Cisco Jabber Video for Telepresence

Use: For Internal Video calls

## Sign-in settings:

Internal Server: 10.1.12.5

Domain: CAPTRUST.com

## Login

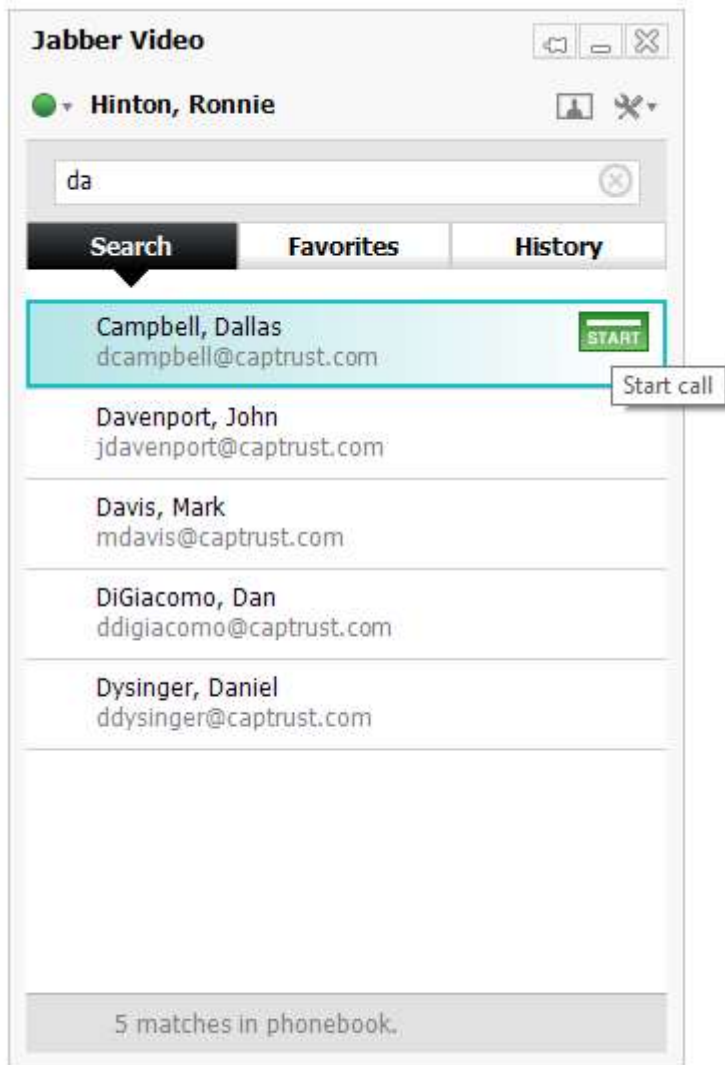

Username: Captrust\<domain username> (Ex. Captrust\Fmiller)

Password: domain password

The screenshot shows the Cisco Jabber Video for TelePresence login window. The window title is "Jabber Video". In the center is a camera icon. Below it, the text "Cisco Jabber Video" is displayed, with "for TelePresence" in smaller text underneath. There are two input fields: "Username:" with the text "captrust\jmiller" and "Password:" with masked characters. Below the password field is a checkbox labeled "Remember me" which is checked, and a small icon of a crossed-out key. At the bottom center is a "Sign in" button.

Once logged in you can search for and call other video users and video-enabled conference rooms

### Troubleshooting notes:

Only certain users have access to this software. Please request from IT if needed

The tools icon at the top right will take you to "Settings". From here you can verify and test your Mic and Speaker settings are correct using the "Audio" and "Video" tabs.
