Please provide the most recent performance of all the managers your firm has recommended over the last two years. The performance should be measured against the applicable benchmark over periods of 1, 3 and 5 years ending December 31, 2009.

The tables attached represent all managers our firm recommended and were hired by our clients. Please note that final decisions on whether to include a manager in a search, or to hire a manager are not always made by Meketa Investment Group. The information provided in the attachement inludes only public markets managers that have been added within the past two years and tracked in eVestment. All returns are from eVestment. Meketa Investment Group considers this proprietary information. Should we be selected as a finalist, we would be willing to provide additional information at the request of the Board.
